Winter seminar Quick Draw Contest

We are trying a new type of contest this year. It is known as a **quick draw**. Basically you will have around an hour and a half to tool a project that can be auctioned as a CSMA fund raiser. An example would be to tool a check book cover. After the auction the buyer can arrange for you to finish sewing in the lining or do what finishing up that needs to be done, or they can take it as is. Other projects that come to mind are spur straps, coasters, wallets, or just a square of tooled leather as a wall hanging. Use your imagination. The further the project is toward completion the better.

Rules:

Bring your own cased leather.

Patterns can be drawn on tracing paper but not transferred to the leather until the contest begins.

Any type of tooling is allowed. i.e. floral, geometric, figures, or any combo.

The entry fee is \$10.00. All of which will go to pay the winners.

All proceeds from the auction will go to the Pass It On program.

Bring your own tools finish and marble slab.
Judging: will be a peoples choice by ballot for the places of 1st, 2nd, and 3rd.

Please don't be afraid to enter even if you feel like you aren't "good enough". This is a good fundraiser that doubles as an educational experience for both contestant and spectator alike.

If you have questions please call Shane Deeter at 435-459-9617 or 435-686-2268.

**CSMA
2010 WINTER SEMINAR
Moab Arts and
Recreational Center**

2009 Fall Seminar

October 8-10, 2010

Janeice Johnson Wilson

As a Monte Foreman Nationally Certified
Horse Handling Rider, Instructor, Trainer,
Janeice Johnson Wilson has had 45
years experience at teaching the
"Science of Riding Horses from Beginning
to End".

Janeice will speak to us about horses and
how they think. About how they respond
to people, training and gear including the
balanced ride saddle.

Her presentation will be interesting, infor-
mative, and awakening. This is an oppor-
tunity for riders and gear makers to gain
the in-site that is needed to be better at
what each do.

SESSION LEADER

The Session Leader is the person organizing a
particular workshop presentation, there may
be more people involved in the presentation
than just the Session Leader.
