**2016 Contest for  
CSMA Photo Album Parts & Pieces**

There will be an ongoing class at 2016 Winter Seminar on drawing and tooling pieces and parts for future CSMA Photo Albums. There will be leather pieces cut to size available. There will be time to do some tooling, and possibly finish tooling, at the Seminar.

There will be two contests, one for tooling with coloring and dyes on the pieces and one for just tooling on the pieces.

We will have the voting at 2016 Spring Seminar to give people a chance to complete them at home if necessary and to give people who were not present at Winter Seminar a chance to participate. If you are unable to attend Winter Seminar and would like to tool an album piece please contact Kay Orton at 970-487-3279 or [csma-kay@hotmail.com](mailto:csma-kay@hotmail.com) to have her send you the correct size piece.

Check the newsletter for more information.
